TO: WORKFORCE DEVELOPMENT COMMUNITY

SUBJECT: FINAL PY 2001-02 WIA PERFORMANCE GOALS

The purpose of this information bulletin is to provide the local areas with their Program Year (PY) 2001-2002 Workforce Investment Act (WIA) performance goals. Attachment 1 provides the goals by category (Adult, Dislocated Worker, Older Youth and Younger Youth) alphabetically by local area. In Attachment 2, the expected performance goals are arrayed by category and geographic region. Local area performance goals for PY 2002-2003 will be issued by a Workforce Investment Act directive no later than November 11, 2002. This directive will address how local areas can request reconsideration of their PY 2002-2003 goals.

The following criteria were used to establish the PY 2001-2002 local area goals:

- The levels requested by the local area.
- The levels established by surrounding local areas with similar demographics and economics.
- The original levels established by the State derived from the goals placed upon the Governor by the Secretary of Labor.

The goals published in this information bulletin are the goals that will be used to determine PY 2001-2002 exemplary performance incentive awards. For details on this process, please refer to WIA Directive [WIAD01-11](#), dated March 11, 2002. Final PY 2001-2002 performance outcomes for each local area will be published by the State before the end of December 2002.

Local areas may calculate their current performance levels through the Job Training Automation (JTA) system. Questions regarding how to process these data should be directed to the JTA Help Desk at (916) 653-0202. Specific questions regarding the established performance goals should be directed to Liz Clingman, Manager, Systems Support Section, at (916) 654-9699, or Cindy Hobart, Manager, Performance Management Unit, at (916) 654-8285.
